RAPTOR™ & ACCUFLO™

Replacement Blades to Retrofit Your Conveyor Belt Cleaning System

FDA Food Grade & MSHA Accepted

- Exclusive Profile reduces your yearly belt cleaning costs
- Super-effective cleaning at an affordable price
- Non-destructive design extends the life of all conveyor components
- Design allows greater full-blade contact, while easily deflecting belt splices
- No adaptation necessary - direct retrofit
- Removes excessive carryback while reducing belt wear
- Reduces clean-up costs and creates a cleaner, safer work environment
- High performance, long wearing Kryptane Polyurethane
- Heavy duty extruded aluminum insert
- Several formulations are available to fit your specific applications
- Single pin - no tool fast blade change

- Retrofits Most Existing Systems -
